LetAlliance 

Let Alliance are changing the way tenant referencing is transacted in the UK. With the use of the latest Open Banking technology, we make it quicker and easier than ever for you to rent your new home. Let Alliance can now complete the majority of references within 24 hours without the need to wait for employer and landlord verifications or you having to upload/send endless documents. With secure access to a snapshot of your income history a real-time decision can be made on your reference.

What is Open Banking?

Open Banking gives you the ability to share your financial data with trusted organisations like Let Alliance. To do this, once your permission is granted, our partner TransUnion (formerly Callcredit) gathers the relevant information and returns this information to us via our secure platform so we can make a decision based on your data.

Is it Safe?

Let Alliance is regulated by the FCA and fully authorised to use Open Banking. We will only ever have access to the data relevant to your rental application, for example previous rental payments and employment income. Your security is our highest priority, so you can rest assured that your data is protected.

No need to provide endless documents – with Open Banking we can complete references at the click of a button

All information you provide is safe, secure and managed by you

No more waiting for employer and landlord references making your move in much quicker
